OUR 360 DEGREES STORY

We first opened our doors to offer a unique upscale casual dining experience in 2013, Nairobi, Kenya. At **360 Degrees Pizza**,

we pay homage to Vera Pizza Napolitano traditions.

From Naples to East Africa, our unique identity

comes from a special **Stefano Ferrara hand-crafted**,

wood-fired oven, which bakes pizzas above **360 Degrees Celsius**.

Our great quality pizzas with a thin, leopard spotted

crust and blistered cornicione use only

authentic ingredients; **'00' Caputo Flour** and

San Marzano tomatoes imported

straight from Italy. Artistically combined with locally

sourced fresh and natural toppings we bring to you

an **authentic taste** of Italy in Africa.

Our wines predominantly come from the greatest vines of

Southern Italy and the best regions globally, giving you a

wide selection for your preferred taste.

At 360, our wine philosophy is simple:

Great Pizza deserves **Great Wine**.

Enjoy the 360 Degrees experience.
